

CREATIVE DIRECTOR

DHAVALYA SAGAR

ABOUT ME

I'm a visual artist who likes her tea green & her humour dark. Hailing from Chennai, I have had the opportunity to learn from & work with many creatives across various fields like branding, architecture, advertising, photography, E-learning, digital marketing, fine art & event management. I strongly believe that people rarely succeed unless they have fun in what they are doing, for creativity is intelligence having fun.
